

BEDFORD TUMBLED™

Standard

Bedford Tumbled Walls are ideal for many non-retentive applications including fireplaces, seat walls, columns, and as borders for gardens, patios, and courtyards. Depending on the way the block is turned, one shape can appear like many. Showcasing an authentic Old World stone look, use them for retainable walls under 20" in height.

Radius

Bedford Radius Walls allow for great versatility. Best utilized in non-retentive applications, Bedford Radius adds a special design flare to fire pits and serpentine walls. They are a nice compliment when used with Bedford Tumbled Walls. When adding curves to your project, they allow you to create a 21" interior radius without any cutting.

3¹/₈" x 7⁷/₈" x 9¹/₈" (front)

Same colors available as Bedford Standard.
